SYNOD MEETS HERE.

Session Will Open at Ninth Street
Presbyterian Church.

The Synod of Kentucky, comprising the presbyteries of Louisville, Henderson, Paducah, Transylvania and Muhlenburg, meets in the Ninth Street Presbyterian Church on this city Oct. 15, at 7:30 p. m., and will open its session with a sermon by the retiring moderator. The Synod has upon its roll 17 ministers, 195 churches and about 30,000 communicants. It contributed during the past year, besides pastors' salaries, current expenses, etc., nearly \$33,000 for benevolent purposes. Of this amount \$12,000 went to home missions and about \$10,000 to foreign missions.

LARGE TUMOR REMOVED.

Wife of Judge Brown Recovering
From Surgical Operation.

The wife of Judge M. D. Brown on Tuesday last had a very dangerous surgical operation performed at St. Joseph Infirmary, Louisville, by Dr. Vance, in which a large tumor was successfully removed. She was in the operating room one hour and ten minutes and was anion rallied from the anaesthetics. Up to the latest accounts she was resting well, with every prospect of a speedy recovery. Her many friends here and elsewhere will be glad to learn that the chances of her speedy recovery are good.

MURDER CHARGE.

Alleged Slayer of Charles Bellamy
Arrested Near Crofton.

Henry Blair, col., the alleged slayer of Charles Bellamy, also colored, who was killed near Clarksville last July, was arrested near Crofton last Thursday afternoon by Deputy Sheriff C. J. Barnes. Blair was working in a tobacco field and had a pistol strapped about his waist when the Officer came upon him. He offered no resistance, however, and agreed to return to Tennessee without a requisition. Mr. Barnes took his prisoner to Clarksville Thursday night and delivered him to the authorities.

The murder of Bellamy occurred in District No. 9, near Mr. G. B. Lyle's farm, in an altercation over a pistol. Blair was apprehended then, but escaped from the officers and had since been at large.

ACCIDENTAL SHOT.

Shattered Bones of Leg Necessitating Surgical Operation.

About a week ago Mike Dattilo, formerly of this city, accidentally shot himself in the leg with a pistol at Madisonville. He was in the act of taking the weapon from a dresser when it was discharged. The ball passed through his right leg below the knee, shattering the bone. The wound refused to yield to treatment and on last Thursday a surgical operation was performed. All of the injured bone was taken out and the patient is now doing well.

PRESIDENT WOUNDED!

While Holding Public Reception in Buffalo.

Assassin An Anarchist From Mark Hanna's
Town Named Leon Czolgosz.

One Bullet Penetrates the
Stomach, Another Glances
Off From the Breast-
bone.

LATEST REPORTS BY WIRE.

An anarchist named Leon Czolgosz attempted the life of President McKinley in the Temple of Music at the Buffalo Exposition Friday. The President was holding a reception and hundreds were coming forward to shake his hand. The assassin had his right hand swathed in a handkerchief or bandage in which he concealed a revolver. As the President extended his hand to take the man's left hand, the anarchist fired two shots.

One of the shots struck the right breast bone and inflicted only a flesh wound. The other penetrated both walls of the stomach, but above the intestines, and probably lodged in the muscles of the back, as it has not been found, though the wound was explored.

The assassin says he is a disciple of Emma Goldman. He was overpowered at once, and, after being roughly handled, was taken in custody by the police and removed later to police headquarters in Buffalo, where later in the day excited crowds surrounded the jail crying "lynch him."

A German-Pole.

Czolgosz is a German-Pole, and says his home is in the vicinity of Cleveland, O. He is twenty-eight years old and unmarried, and has seven brothers and two sisters living there. He worked for a time in the wire works at Newark, O.

President McKinley, when shot, dropped the hand of the assassin and staggered back a pace toward Secretary Cortelyou and President Milburn, who had been standing at his side. They caught him as he was falling and drew him tenderly toward a chair.

Czolgosz's every act had been watched by the secret service officers, but they were not quick enough to stop him. As the second shot was fired, though, the meaning of what was happening dawned upon half a hundred of those closest to the place occupied by the President, and there was a mad rush to seize the murderer.

He was finally placed in a carriage and hurried off to jail. The wounded President was taken to the home of Jno. G. Milburn, President of the Buffalo Exposition.

Mrs. McKinley had been with the President in the forenoon but did not go to the afternoon reception at 4 o'clock. She was asleep at the Milburn home and was not aroused. She awoke at 5:20 and the news was broken to her.

The Doctors Attending.

Dr. P. M. Rixey, the President's physician, was with him and at once took charge of the case, the wounded man being taken to Mr. Milburn's. Other doctors called in were M. B. Mann, Roswell Parke, H. Mynter and Eugene Washin, all

of Buffalo.

The surgeons lost no time in opening the abdomen and locating the wound. The bullet that penetrated passed through the stomach and the holes in front and rear were sewed up with silk thread.

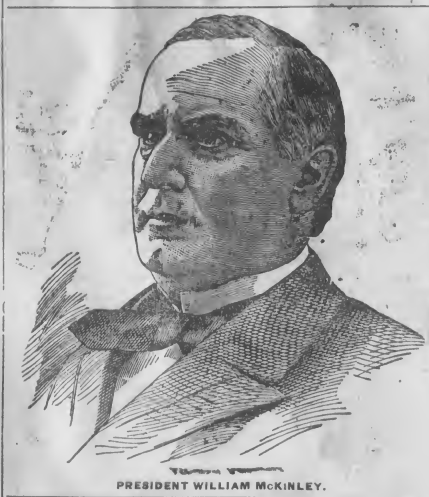

An Eye Witness' Story.

A newspaper reporter who stood just behind the President when the shooting occurred gave one of the

him to a chair. I heard him ask that the news be kept from his wife and a moment later, when Secretary Cortelyou asked him if he felt much pain, he said: 'This wound hurts very much.' He seemed to be fairly easy as he rested in the chair and some of the fading color came back to his face.

Paled at the Sight of Blood.

'He reached his right hand inside of his shirt, and when he withdrew it his fingers were tipped with blood. He paled again at the sight of the blood, and I think he fainted. Senator Apitzro, the Mexican Minister, broke through the crowd and, rushing up to the President, cried: 'My God, Mr. President, are you shot?' The minister

PRESIDENT WILLIAM McKINLEY.

clearest accounts. He said: 'I stood about ten feet from the President and saw Czolgosz approach him. The latter had his right hand drawn up close to his breast and a white linen handkerchief wrapped about it bore the appearance of a bandage. He extended his left hand, and I am quite sure the President thought he was injured, for he leaned forward and looked at him in a sympathetic way. When directly in front of the President Czolgosz threw his right hand forward and fired. I saw the flash and smoke, followed by the report, and then heard the second shot. Instantly John Parker, the colored man, and Secret Agent Foster were upon Czolgosz and they bore him to the floor. Czolgosz, lying prostrate, still retained a hold on his revolver and seemed to be trying to get his arm free to fire again.

President Did Not Fall.

'The President did not fall. He raised his right hand and felt of his breast and seemed to be maintaining his upright position only by wonderful effort. I am sure he did not speak at the moment. He gazed fixedly at his assailant with a look which I cannot describe, but which I shall never forget, and in a moment reeled back into the arms of Secretary Cortelyou. Czolgosz's revolver had by that time been knocked from his hand and some one had picked up the burning handkerchief which lay at his feet. Czolgosz was picked up, forced back and again knocked down. 'Mr. Cortelyou and Mr. Milburn supported the President and led

partly conscious.'

SUNDAY'S REPORT.

No Unfavorable Symptoms Developed as Feared.

Buffalo, Sept. 9.—None of the unfavorable symptoms so much dreaded has yet appeared in the President's case. His condition yesterday gave the greatest encouragement, his temperature being lower, pulse decreased and respiration easier. But the physicians do not consider that the critical stage will have been passed through until after another forty-eight hours. The patient's mind yesterday was clear of the effects of the anæsthetic and he enjoyed four hours of natural sleep. Nourishment was also given him hypodermically for the first time since he was shot. The X-rays will not be used for the present to locate the bullet unless signs of inflammation appear. Dr. McBurney, the celebrated New York surgeon, examined the patient yesterday and said there was not a single unfavorable symptom. He also said the promptness in operating on the President after the shooting in all probability saved his life.

YESTERDAY'S BULLETINS.

A Decided Improvement The First Report Received.

The bulletin received yesterday were all of an encouraging character and the conviction is growing stronger that the President will recover. The bulletins are here given:

8:00 a. m.—The President passed a quiet night. No cause for alarm.

9:00 a. m.—The President's condition is sharply improved this morning.

10:30 a. m.—Dr. Charles McBurney, (the New York surgeon called in Sunday) says if the President holds his own 24 hours longer he will be out of danger.

3 p. m.—The President's condition is still very encouraging.

STEPPED ON NAIL.

Sunday was the anniversary of the Galveston flood, in which 5000 lives were lost.

According to Webster the Polib "Cz" has the sound of "ch," and the assassin's name is something like Cholozee.

Roosevelt is 43 years old, five years younger than Grover Cleveland was when he became President.

Thirteen of the nominees on Sapp's ticket in Louisville have refused to accept, and it seems hard to get a bottom to stay in the ticket.

An assassin is one who "kills, or attempts to kill by surprise or secret assault. The victim does not have to die to make it assassination.

A meeting of the Democratic state committee will be held in Frankfort to-day. One object is to consider a proposition to call a primary election to nominate a candidate for United States Senator.

Three Presidents assassinated in 36 years is a sad commentary on our boasted institutions. President Lincoln was shot by Wilkes Booth at Ford's Theater, Washington, April 14, 1865 and died the next day. Booth was killed and four persons hanged as his accomplices, some of whom were perhaps innocent. President Garfield was shot in the Pennsylvania depot, Washington, July 2, 1881, and died Sept. 19, 1881. His assassin was a grank named Chas. J. Guiteau, who was hanged June 30, 1882. President McKinley is the third victim of assassination. If he dies tomorrow will be electrocuted. should be recovered, the extreme penalty is ten years imprisonment.

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to, but because they must. They know they are irritable and fretful, but they cannot be otherwise.

They complain of a bad taste in the mouth, a uneasy feeling of puffiness, headache, heartburn and wind rot. The effective remedy, proved by positive results, is Hood's Sarsaparilla.

Hood's Sarsaparilla

HOOD'S PILLS ARE THE ONLY CATHARTIC.

Senator Platt, of New York, when he heard of the President's assassination, declared that the assassin should be lynched at once without the formality of a trial. To this sentiment he allay "me too." If the Senator cannot have the job attended to in his own state, let him send Crologos to some state in the "burned district" for safe keeping.

This is not a good week to begin Jim Howard's second trial for the assassination of Gov. Goebel.

He Owe His Life to the Forethought of a Companion.

While on a camping trip in Webster county, Mr. J. Stump of Normantown, W. Va., had a severe attack of bloody flux. He says, "I firmly believe that I owe my life to the forethought of one of the party who had taken along a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy." Moral—"Prove a bottle of this remedy before leaving home. It cannot be obtained when on a hunting, fishing or prospecting trip. Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought it was past being cured," says John S. Hallway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no work, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by all druggists.

OLD LANDMARK.

Saffarans House On Ninth Street

One of the Oldest In the City

Now Being Torn Down to Make Room For Odd Fellows Hall.

One of the very oldest houses in the city is now being torn down to make room for the handsome new Odd Fellows Block to be erected on the corner of Virginia and Ninth streets. It had been offered for sale for some time, but no one applying for it, the demolition is now in progress.

The house is two stories high, with two rooms and a hall fronting on Virginia street. It was originally built of logs cut in the forest that covered the present site of Hopkinsville. The logs are hewn and are still well preserved.

Nobody now living knows when the house was put up and it must have been erected nearly 100 years ago. The oldest people in the city remember it as the "old Saffarans place" when they were children. In those days it was a log house, one and a half stories high and occupied by Kitty Saffarans.

Later it was occupied by Thos. J. Hawks and family and Mr. J. M. Glass says he used to stay all night frequently in it with Joe Hawks.

Still later Robt. Torian lived in it and remodeled the house. It was raised two full stories and weather-boarded to conceal the logs.

A porch was also added and it was much improved in appearance. Mr. Wm. Price lived in it during the war and it was used as a hotel.

Within the last 40 years it has had many owners and occupants. Recently it passed into the hands of Mr. R. D. West, who sold it this year to the Odd Fellows. The building to be erected on the site will be an ornament to the city, but there are those among the older citizens who regret to see the cherished old landmark torn down.

Chamberlain's Cough Remedy a Great Favorite.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult! DECIDED TO TEACH.

M. J. O. Ferrell Alters His Determination to Quit School Work.

A week ago Maj. J. O. Ferrell, of Hopkinsville High School, announced that he would not resume school this fall. After considering the requests of several of his friends, Maj. Ferrell has decided to change his plans and teach a few boarders and a small number of pupils. He will therefore join the school to-day, which will be the 29th year under the present arrangement. In 1873 Maj. Ferrell came to Hopkinsville and opened a military school. It grew to large proportions and in three years it was necessary to employ two assistants and many of the most successful business men of this city of other states were Maj. Ferrell's pupils, 25 years ago. When graded public schools were needed, he changed the character of the school, which has been a preparatory school for the last 20 years. He has fitted for college and young men who won their honors in college. For the ten years he has limited the number to 20 or 30 young men, living without assistance, and doing about half of his pupils is own home. His school has prospered all along and has filled at need in the city for a school of high special courses of instruction could be taken. Maj. Ferrell found it hard to give up his life and hence his reluctant determination to continue teaching at an advanced age. He prefers to retire and enjoy the fruits of the life of thirty years.

Mr. Jesse R. Reeves has gone to Louisville, where he accepted a position with the Illinois Central Railroad Company as operator. His family joined him Saturday.

Mrs. Lizzie Keegan and little daughter will arrive here from Louisville today to make their future home. Mrs. Keegan will go to housekeeping on West Nineteenth street.

Mr. and Mrs. John Pickford, of Elmdale, California, are visiting the family of Mr. Ed Curtis. They left this city for California several years ago and this is their first return visit.

Mr. H. C. Locker, of the firm of Beazley & Locker, Lafayette, went to St. Louis Saturday night to buy fall goods. He was accompanied by Mr. R. J. Carothers, Jr., of the same place, who will probably accept a position with a St. Louis wholesale house.

COUNCIL MEETING.

New Street to be Opened in Third Ward.

At the council meeting Friday night it was voted to extend East 18th street from the railroad to Walnut street. It will be necessary to purchase or condemn the ground, which will be meted as soon as the street is opened.

Pavements were ordered down on both sides of West Seventh street, west of the bridge.

Water troughs were ordered placed on all streets leading to the country, for the benefit of the country people. They will be placed near the city limits on each road.

It was made an offense punishable by fine to deface the mail boxes on the streets.

An special appropriation of \$250 was made for the colored Public Schools, from the school fund.

Oil for the Children.

Give them oil—cod-liver oil. It's curious to see the result.

Give it to the peevish, fretful child, and he laughs. Give it to the pale, anemic child, and his face becomes rosy and full of health. Take a flat-chested child, or a child that has stopped growing, give him the oil, and he will grow big and strong like the rest.

This is not a new scheme. It has been done for years. Of course you must use the right oil. Scott's Emulsion is the one.

Scott's Emulsion neither looks nor tastes like oil because we are so careful in making it pleasant to take.

TWO SMALL FIRES.

Damage in Neither Case Amounted to Much.

A small coal house on South Liberty street caught on fire Saturday morning, but the flames were soon extinguished with a few buckets of water.

A lamp was accidentally upset in the kitchen at Mr. John A. Steele's residence late Friday afternoon, setting the floor on fire. An alarm was turned in, but the flames were put out in a few minutes by smothering them with blankets. Mr. Steele threw the lamp from the window and in doing so got his hands quite badly scorched.

Abernathy sells nothing but first class coal.

Fruit Jars!

We have but the one grade, they are Machine Made Mason Patent, Ponelain lined Caps and are the highest quality manufactured. If you have tried common jars no argument is necessary, if not ask some one that. Don't fail to examine our jars before buying. Caps, rubbers, sealing wax, and everything necessary for canning can be furnished by us.

LIPKINS VS. LIPKINS

Style of Divorce Suit to Be Tried Soon.

Carrie Lipkins has filed suit for divorce from Harrison Lipkins. The petition recites that they were married in this county Sept. 28, 1898, and lived together as man and wife until Aug. 31, 1901, on which day, plaintiff alleges, she was forced to leave defendant on account of his cruel and inhuman treatment of her. She further alleges that defendant whipped her several times with a stick and told her to leave his home and never return.

SEPTEMBER SNOW.

"The Beautiful" Covered the Earth in Flontana.

The first snow of the season fell at Helena, Montana, last Friday, covering the earth to a depth of half an inch. The temperature was down to the freezing point. It was the lowest temperature recorded in the country this season and the snow was the first to fall, except on Pike's Peak, where there was a slight snow storm the first week in August.

FROM TRIGG.

Final Survey of Cadiz and Gracely Railroad Completed.

Ethridge Trial to Come up—Henry Menner Elected City Marshal—Other Items.

(CADIZ RECORD.)

The sale of the Hillman lands in Trigg and Lyon counties to S. N. Leonard & Co. was confirmed by Judge Cook. There are about 60,000 acres of the land.

Maj. Stacker will complete the final survey of the railroad this week. The construction corps are now at work in the Wormelsdorf field, and the grader is in the old Robinson field just this side. The dirt work on the railroad will be completed by the first of October.

Besides the ties that are being furnished here, the company has recently made the purchase of eight thousand from the L. & N. Railway.

The trial of Wm. M. Ethridge, who is now in jail under indictment for shooting J. G. Ballard on Sinking Fork last March, is set for next Monday. We understand that both sides are anxious for a trial, but considering the large number of witnesses and the busy season with farmers, there may be some trouble in securing the attendance of witnesses. Sims and Kelly & Kelly represent the defendant, and Hon. Jas. B. Garrett will assist Col. Howell and County Attorney Smith in the prosecution.

Our own Bill Howell, who looks as much like a Congressman as Joe Blackburn looks like a Senator, made his appearance promptly the first day of Circuit Court, and the few evidences and violators of the law to be found in Trigg county are beginning to shake in their boots. We listened to a fine speech from him Tuesday evening. He is one of the most accomplished prosecutors in the State and we regret to give him up, but from what we are enabled to learn the people of the Second Congressional District have other duties they desire he shall perform, and we reluctantly surrender our claim.

The regular meeting of the City Council will be held next Saturday night. A successor of Henry R. Lawrence, who resigned a month ago as a member of the Council, will be selected, and a successor to City Marshal Ed S. Sumner, who resigned two weeks ago, will also be selected. The members of the Council have decided on Mr. Henry Menner, who lives about seven miles from Cadiz on the Princeton road, as Mr. Sumner's successor, and he will be elected to the position Saturday night. The salary will remain at \$30 per month, with fees and five per cent. for collecting the taxes. Mr. Menner will move his family to Cadiz this week.

Mr. Menner was City Marshal of Dawson for seven years, and retired voluntarily last year to remove to Trigg county. He is said to be a fine officer.

PON NEWS.

Pon, Ky., Sept. 7.—The picnic and ice cream supper at Dog Wood Chapel last Saturday was greatly enjoyed by all who were present.

Miss Emma Smith, of Hopkins county, is visiting the family of her brother, Mr. David Smith, near here.

Miss Jessie Spurlin visited in our neighborhood last Saturday night and Sunday.

There will be an ice cream and box supper at Ford's Chapel on Saturday night before the third Sunday in this month. Everybody is invited to come and have a nice time.

Miss Ella Fuller, of Kelly, spent last Saturday night and Sunday in our vicinity.

Mr. Henry Wood, of Sinking Fork, was in our neighborhood last Saturday and Sunday talking to his best girl.
